Re: Lenz Oil Site, Lemont, Illinois
Remedial Investigation/Feasibility Study (RI/FS)
Draft Remedial Investigation Report

Dear Mr. Imse:

The United States Environmental Protection Agency (U.S. EPA) and the Illinois Environmental Protection Agency (IEPA) have reviewed the draft Remedial Investigation (RI) Report for the Lenz Oil Site in Lemont, Illinois. This document was submitted by ERM-North Central, Inc., on behalf of the Lenz Oil Participating Respondents. The draft RI Report is hereby disapproved. We have specified the deficiencies and required modifications for the RI Report in the enclosed attachments. We have also enclosed a copy of the Baseline Risk Assessment prepared by U. S. EPA for the Lenz Oil Site. This assessment must be included in the RI Report. Pursuant to Section IX of the Administrative Order by Consent for the Lenz Oil Service, Inc. Site, Respondents shall submit a revised report to both U.S. EPA and IEPA within 30-calendar days, incorporating these modifications and additions.

If you have any questions in this regard, please do not hesitate to contact me at (312) 353-9236.

Sincerely yours,

Nan Gowda, P.E.
Remedial Project Manager
